

Madam Speaker, the May jobs report should serve as a wake-up call to President Bush and congressional Republicans to support our efforts to extend unemployment insurance.

URGING THE PRESIDENT TO DECLARE AN EXPEDITED MAJOR DISASTER AREA IN THE STATE OF INDIANA

(Mr. PENCE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PENCE. Madam Speaker, across Indiana, Hoosiers are picking up the pieces from a week of extraordinary weather. My own hometown of Columbus is in the midst of a cleanup of the worst flooding since the Great Flood of 1913, and I come to the floor today to urge the President of the United States to take immediate action and declare an expedited major disaster area in the State of Indiana as a result of these severe storms, tornadoes and torrential downpour.

Following the harsh impact of tornadoes 1 week ago today, on Saturday parts of my district experienced approximately 10 inches of rain in a matter of hours. This is more rainfall than Hoosiers typically see in 2 months during this time of year, and the results have been catastrophic.

I commend the President for his action on Sunday evening speeding relief to community governments, but this government must act and act now to bring relief to Hoosier families, small businesses and family farms. We need additional declarations like those requested by Governor Mitch Daniels of the President, support from FEMA and the Department of Agriculture, and we need it now.

Hoosier families and communities are hurting, and they deserve to know that help is on the way. I urge this administration and all of my colleagues to focus their attention on this urgent Midwestern need for emergency relief.

CONGRATULATING SHAWN JOHNSON: 2007 WORLD GYMNASTIC CHAMPION; 2008 NATIONAL CHAMPION

(Mr. BOSWELL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BOSWELL. Madam Speaker, last November I stood here to congratulate a native of Iowa, a young woman from our district who has demonstrated amazing discipline and spirit of American ambition. In September of 2007, Shawn Johnson won the 2007 World Artistic Gymnastic Championship. She is one of four American women to hold this esteemed title.

Today, I congratulate Shawn on her most recent win. On Saturday, June 7, Shawn successfully defended her title as the National Champion in women's gymnastics. Next weekend she will

compete in Philadelphia for a spot on the elite six-member U.S. Women's Olympic Gymnastic Team.

Shawn not only exudes the hard work necessary to achieve her dreams, but also the character of a natural role model. Even with all her gold medals and new-found fame, Shawn continues to compete with humble pride and gratitude.

I thank Shawn for all of the wonderful things she has done around the State of Iowa and the Nation. Since winning the world championship, she has used her fame to bring awareness to breast cancer and other cancers that affect women.

Once again, Shawn, congratulations on winning the National Championship again, and good luck in Philadelphia.

REPUBLICANS ARE READY TO ACT ON ENERGY NEEDS

(Mr. PRICE of Georgia asked and was given permission to address the House for 1 minute.)

Mr. PRICE of Georgia. Madam Speaker, my constituents and Americans are asking, where is the bill? When will House Democrats bring forward a real plan for families being hammered by record gas prices?

Today, the majority will spend hours considering no less than 10 nonbinding resolutions. Yet this Democrat Congress will do nothing, nothing, about outrageous energy prices. We fill the day with recognitions and commemorations, but there is no urgency for struggling Americans.

It is shameful that with energy prices rising 70 percent on their watch, House Democrats remain stubbornly opposed to offering any ideas to increase supply and lower gas prices. All we see from this majority is brazen neglect.

Republicans, on the other hand, have brought forward an energy action plan. We are ready to act. We are ready to increase American-made energy resources. We are ready to provide a broad mix of energy options. We are ready to streamline regulations allowing for increasing refining capacity. We are ready to help.

Madam Speaker, we are ready. Americans are begging to know, when will this Democrat majority be?

THE TROUBLED STATE OF OUR WORLD'S OCEANS

(Mrs. CAPPS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. CAPPS. Madam Speaker, I rise today to speak about the troubled state of our world's oceans. Last month, I attended an ocean science summit in Monterey, California. Also there were State and Federal policymakers and scientists concerned about our oceans and the lack of attention our Federal Government has given them.

This year's summit marked the 10-year anniversary of the Year of the Ocean and the oceans conference in Monterey attended by President Clinton and Vice President Gore. In the intervening 10 years, the Federal Government has done little to address the oceans' growing problems, ranging from overfishing to pollution to coastal development and global warming. California and Massachusetts have had to step into the breach, but problems as big as our oceans can't be addressed by a few States.

Fortunately, there is a solution. Oceans 21, introduced by Representative FARR and moving through the Natural Resources Committee now, establishes a national oceans policy and a framework for national and regional management of our shared ocean resources.

I strongly urge my colleagues to sponsor Oceans 21. Join us, and help provide stewardship for this vast resource and protect it for future generations.

REMEMBERING THE HEROES OF WORLD WAR II

(Mr. DANIEL E. LUNGREN of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DANIEL E. LUNGREN of California. Madam Speaker, 64 years ago this week, my father and approximately 2 million of his fellow soldiers from the United States, Great Britain, and Canada were moving into the area of France, which began the liberation of Europe. Sixty-four years ago they sacrificed in ways almost unimaginable for us. Had they not done that, had they not succeeded, we would not enjoy the freedoms we have today.

Yet it was little remarked nor remembered on the pages of our newspapers across our country and on our television sets. And the fact of the matter is these brave, gentle warriors are dying at over 1,000 a day. We soon will not have the opportunity to thank them for the sacrifices they made.

So today as we deal with these problems that face us, let us remember that America has always been a can-do country. We have never shirked from challenges. We have figured out how to do it. And remember in the words of those people in that movie not too long ago, to ask ourselves what our fathers asked themselves; are we worthy? Did we lead a good life? Did we do what we had to do?

DEMOCRATS ARE FIGHTING TO IMPROVE THE LIVES OF VETERANS

(Mr. BRALEY of Iowa asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BRALEY of Iowa. Madam Speaker, while the Iraq war has stretched our military thin and our troops continue to struggle with multiple deployments,
